

Top New Jersey Architect Offers Free Project Feasibility Call

Multi Design Award winning leading NJ Architect firm PK Architecture llc currently offering a limited number of Feasibility Calls for New Jersey area property owners with plans to build or renovate Medical Offices and related facilities

Medical Specialist

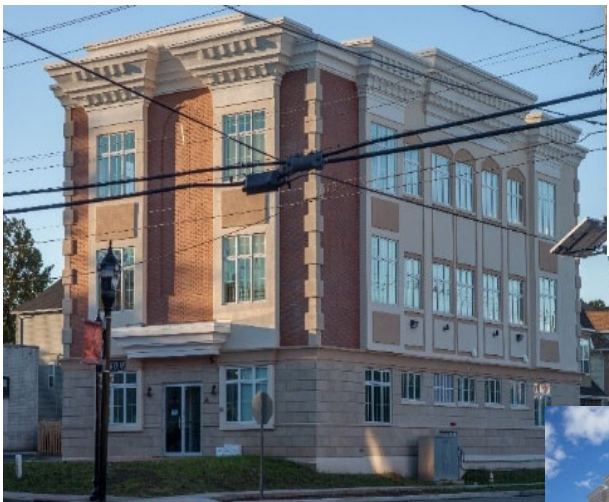

About the Architect:

Paritosh Kumar with over 30 years in the field and winning several Local and International Design Awards is well suited to meet your Architectural requirements from scratch to finish of Construction. He specializes in Medical Offices and related Healthcare Projects, having worked over the years on several such Projects. Well suited to be your Architectural and Engineering "One Stop Shop".

Work Philosophy

We believe architecture best serves its purpose when the client/user of that space/environment has realized his highest aspirations. Our goal is architectural integrity, which is to create an environment that will enhance the quality of life in that region and influence higher social values while preserving public health, safety, and welfare. Needless to say, the client expects his project to be built within time and budget constraints while controlling quality. We understand this aspiration of the user/client and strive to the best of our ability to achieve that goal.

About the Feasibility Call:

On this 30 minute phone call, you'll speak directly with architect Paritosh Kumar about your project. By the end of your call you'll know:

- If your project is feasible and any potential roadblocks you should look out for
- The approximate budget you should plan to invest in your project
- The top 3 blunders that sabotage building projects (and how to avoid them)

What People Say About PK Architecture Ilc

Professional, Knowledgeable, Personable- Mayor Dan Reiman, Carteret, NJ

PK Architecture 1st and foremost is very responsive to the Community, Clients and Constituents needs. We have worked with them on several Private and Public sector projects. It does not take a long time to make sure we get exactly what we need. It is a nice working relationship. This is a beautiful State of the Art Medical Center providing economic revitalization, rejuvenation and tax rateables. Think of it as a one stop shop. 1st Professional Plaze in 50 yrs and 1st medical building in 40 yrs. in Carteret A great marvel for the Community. Please allow me to express the gratitude of the Borough of Carteret for your continued support in the revitalization of the Borough of Carteret. The level of Professionalism and expertise that PK Architecture Ilc has shown in addressing the multiple projects you have worked on makes them a trusted partner in the Borough of Carteret's redevelopment efforts. Regardless of the scope or size of the Project you are called upon to address, you approach the task with an enthusiasm and a forward thinking perspective that is unique to the Industry. I have found your Professionals to be extremely knowledgeable and their accessibility to Borough Engineering and Construction officials have helped to ensure smooth operations during the Construction phase of Projects. On a personal note, allow me to say that in my dealing with you I have found you to be both personable and easy to work with. Your ability to provide innovative designs and employ effective construction techniques, as well as receive and incorporate client feedback helps to produce an efficient and aesthetically appealing Architectural Project. I would highly recommend both yourself and your firm PK Architecture Ilc and look forward to working with them again.

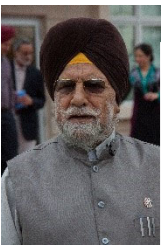

Wonderful job, Personal Interest, Extra Effort...- Dr. Bikramjit Singh, Carteret, NJ - Mr.

Kumar put a lot of effort into our Project, extra efforts, issues even not related to Architectural work, personal interest, so we can get to a level where we are today. Design by Mr. Kumar was a wonderful job, bringing too much beautiful scene to Washington Avenue. Design is excellent from inside, the flow into exam rooms and contacts between patients and doctors flow is good -**Carteret Medical Plaza, NJ.**

Big hand of Applause - Dr. Sukhjender Goraya, Carteret, NJ – After acquiring the land it was the Architect. Mr. Kumar knew from the get go that we were not easy people to work with. State and Federal requirements have changed for medical facilities. No Paperwork all electronical now He took only about 3 months to get Design and Drawings ready, approved and he also helped us to get the Contractor. A big hand of applause for Mr. Kumar -**Carteret Medical Plaza, NJ.**

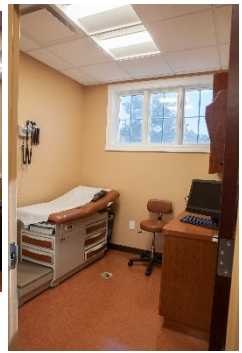

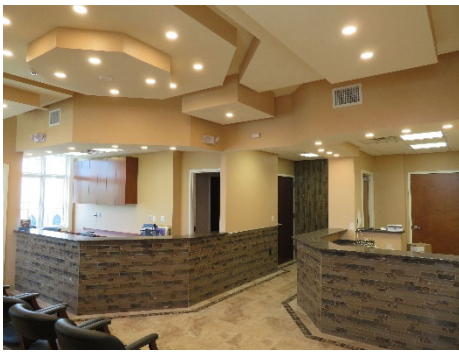

One of the biggest Assets, God bless him - Mr. Hardayal Johal, Chairman Planning Board, Carteret, NJ – Kumar is one of the biggest assets for this building. I was involved in the Construction supervision. Anywhere there was an issue or clarification, when I called him, 1,2,3 he was there. I cannot recommend him any more than what he has done. I wish him the best and God bless him. -**Carteret Medical Plaza, NJ.**

Excellent job...I Congratulate PK Architecture – Commander George J. Lisicki, Past United States Commander in Chief of Veterans of Foreign Wars...

This building will serve the needs of our Veterans admirably, and my thanks go out to you Mr. Kumar and PK Architecture Ilc the Architects for this Project. You have done an excellent job turning a dilapidated building into an efficient building serving the holistic needs of the Veterans who will live in these Apartments. I congratulate PK Architecture Ilc on this achievement and I wish them continued success – **Carteret, NJ**
