Work Philosophy

We believe architecture best serves its purpose when the client/user of that space/environment has realized his highest aspirations. Our goal is architectural integrity, which is to create an environment that will enhance the quality of life in that region and influence higher social values while preserving public health, safety, and welfare. Needless to say, the client expects his project to be built within time and budget constraints while controlling quality. We understand this aspiration of the user/client and strive

What People Say About PK Architecture llc

- If someone is looking for designing/ architecture work for building their new home or renovating, there is no need to look any further. We hired them for the renovation of our home and the service we received was beyond our expectation. It is not easy to find companies like it today's environment. The motto that their job is not finished after the designing work was completed but rather getting involved throughout the construction process, paying attention to fine details, and recommending necessary changes, even it required resubmitting documents for additional approval, made us very happy. We feel very good that several strangers came to us admiring the designing and asking for who was the designer. Good service after sale is the key for such a review.
  Jain, Edison - *** 5 Stars.**

- We had a wonderful time working with PK. We were very specific about our needs and needless to say PK was very patient and knowledgeable. He made sure we were educated about the entire design and process. He is creative and gave us excellent design ideas. He also kept us updated throughout the entire process and always gave us his time. He is highly committed and dedicated to the work he delivers and we felt this on every meeting with him. We highly recommend him for any new construction ground up.
  Sana, Somerset - *****5 Stars.

- It was great working with PK and his team. He is extremely thorough, knowledgeable, professional, friendly and detailed. He kept all our needs in mind and delivered us with the plan on time as promised. He communicated each and every step of the changes before the final. We highly recommend him and his expertise.
  Arpita, Edison - *****5 Stars.

- It gives me such a great pleasure to recommend Paritosh Kumar. He is not just an architect -he is competent, dedicated and experienced professionals Working with Paritosh was an enjoyable experience. He was friendly cooperative and had great ideas on how to design our home that fit our test. P.K. Architect deserve a rating of A+ on professional service from start to finish, great value for money.
  Sailesh, Edison - *****5Stars.

- My husband and I retained the services of PK Architecture to design our dream home. After purchasing the property we met with Parry to talk about our vision for the home. We walked through the home and within 30 minutes PK had a concept and design. He conducted his research on the front end so that we knew the zoning limitations and the design would meet code specifications. Parry is extremely patient, listened to us and as a result delivered a plan that exceeded our expectations. He has also collaborated with us throughout the entire process as we select a contractor. I highly recommend PK Architecture!!!!
